## ⚡ SWAGED T BAR GRATING ⚡

# Swaged Aluminum T Bar Grating

The T bar grating manufactured with extruded T shaped bearing bars has larger supporting area for extra underfoot comfort and striated surface for added slip resistance. We offer a variety of spacings including those that conform to the “Americans with Disabilities Act”

# Swaged Aluminum T Bar Grating

## Applications

trench grate      platform      walkway

## Surfaces

plain      striated

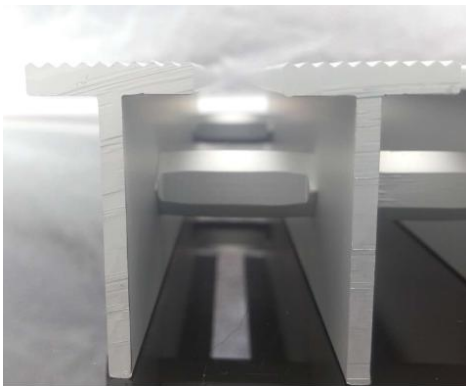

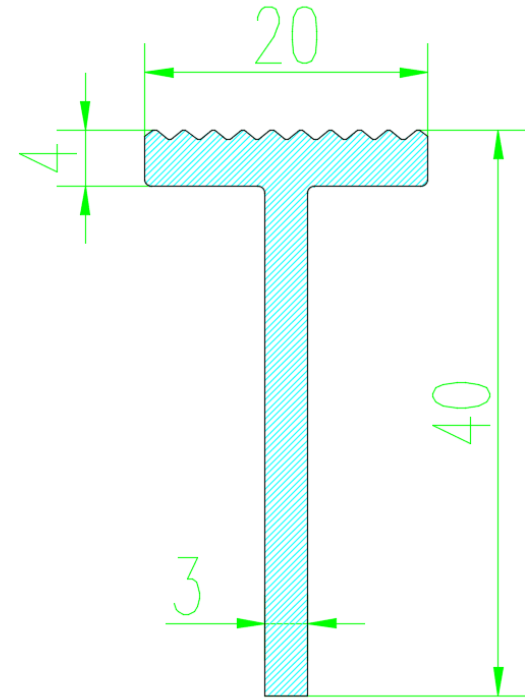

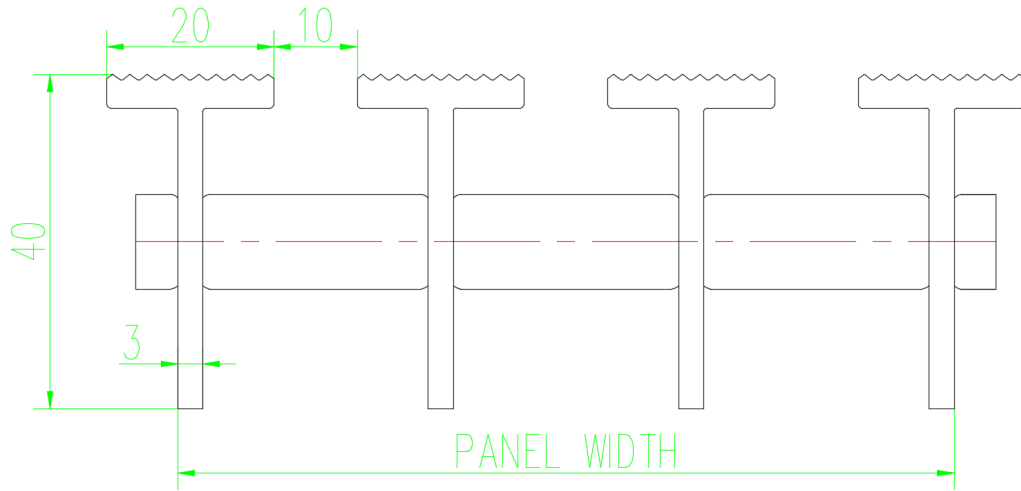

## Surface Treatments

mill finish      anodising      powder  
coating

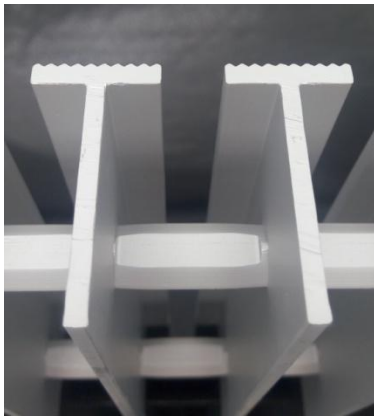

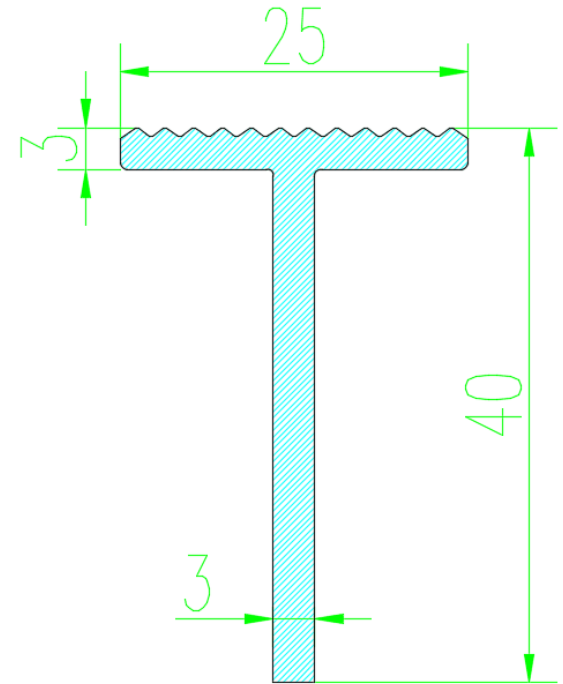

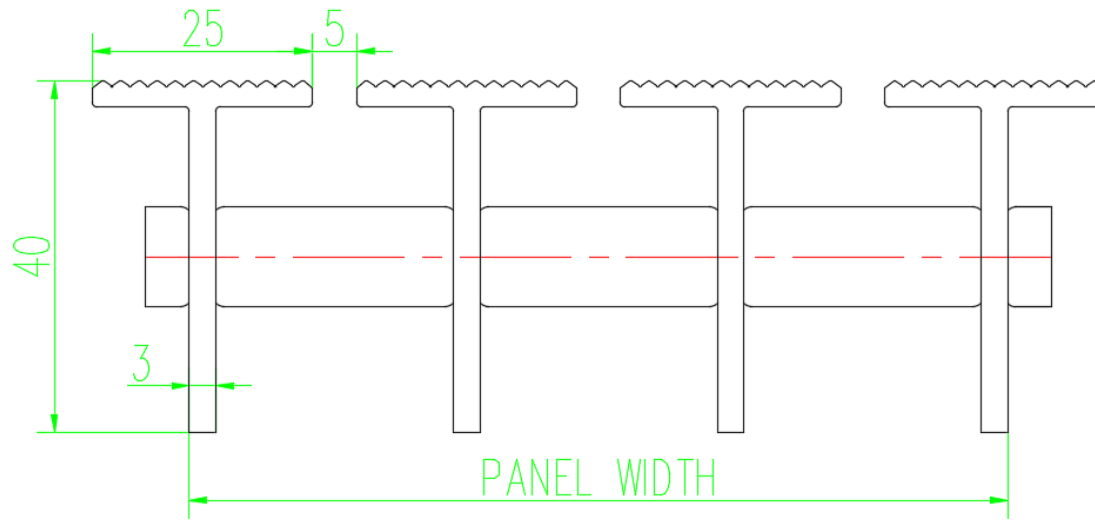

## Spacings

30/40/50/60/80/90x50/100/150/200

# T Bar Grating-SAT40/25/3

# T Bar Grating-SAT40/28/3

# Humanized T Bar grating

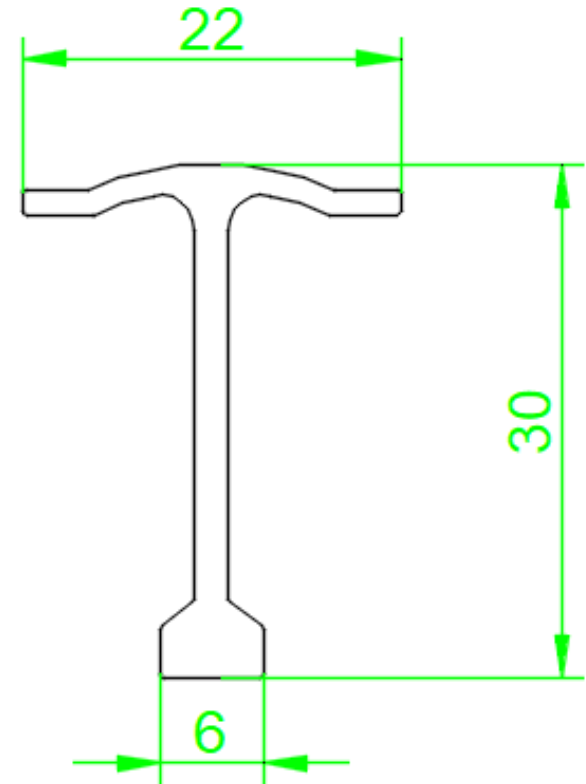

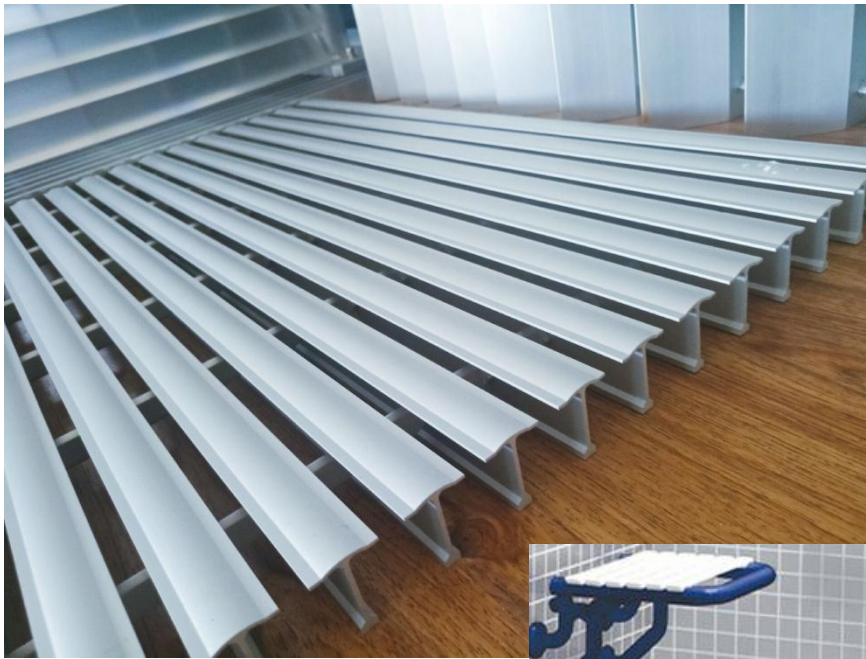

T bar grating can be made with narrow spacings which is perfectly applied as catwalk allowing ladies wearing high heels to pass through easily. At the meantime, the striated surface can protect people from slipping.
